

WORLD ENVIRONMENT DAY

5TH JUNE 2020

PROTECT BIODIVERSITY

CSIR-NATIONAL ENVIRONMENTAL ENGINEERING RESEARCH INSTITUTE
Chennai Zonal Centre, CSIR Madras Complex, Taramani, Chennai

Hand Sanitizer liquid and Foot operated stand

**Preparation of hand sanitizer
liquid in our Chemistry lab**

Hand sanitizer liquid

Coronavirus pandemic has taught us a lot of lessons. We can dispense with many of our current practises without affecting our lives. It is generally supposed to get transmitted through aerosols from sneezing and coughing. This is the main reason for social distancing and maintaining certain minimum distance across persons. It is also believed that it can spread through other media and objects as deposits.

-Protect yourself-
